About SAMARPAN 1.0

SAMARPAN 1.0 - A State Level Tech Fest, hosted by the College of Commerce, Arts & Science under the auspices of Patliputra University, is a celebration of talent, innovation, and cultural diversity. Our fest encompasses a wide array of events, including **Robotics Challenges, IT Competitions, Cultural Extravanzas, and Sports Tournaments**, providing a platform for students to showcase their skills and creativity.

We believe that every college presence boasts remarkable talent and enthusiasm among its students, which would greatly enrich the fest. Your participation would not only contribute to the success of SAMARPAN 1.0 but also create an atmosphere of healthy competition and collaboration among the colleges under Patliputra University.

For the Technical Competition category, our team will conduct an 8-hour workshop and provide all necessary components to ensure that every student has an equal opportunity to participate. The workshop is offered at no cost
