PRINCIPAL'S MESSAGE

Prof (Dr.) Indrajit Prasad Roy

Recognised as Bihar's (a province of the Indian Sub-Continent) premier institute, College of Commerce, Arts & Science (COCAS) is well known for providing a well-balanced education considering the geographical, lingual, and economic structure of the state. The students pursuing Science, Social Science, Commerce, Humanities and several other vocational/professional courses in COCAS are acclaimed for their holistic, intellectual skills and meticulous achievements. The Placement Cell has been successfully connecting job seekers with the corporate world company that handpicks the selected few who match the requisite field of knowledge and expertise. The Placement session is open throughout the year. Preparing the recruitment schedule for the year, inviting companies for pre-placement talks on campus, followed by final placements, and overseeing the process till the end is a responsibility that the Placement Cell endeavours to carry out successfully. Our commitment towards students can be seen from increasing placement day by day. Besides academics, students also learn from add-on courses, trainings by different firms and several skill development programs such as Communications Skills, CV preparation etc. We look forward to nurture and grow old relationships and welcome new recruiters for long-lasting amicability.

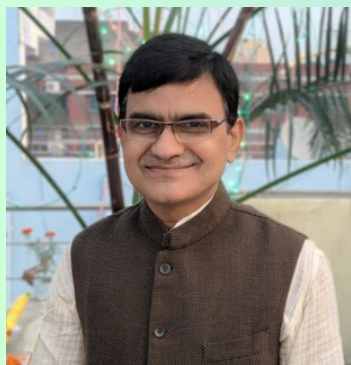

Looking forward to meeting you at our Campus!

Prof. (Dr.) Indrajit Prasad Roy

Principal

College of Commerce, Arts & Science

IQAC COORDINATOR MESSAGE

Dr. Santosh Kumar

At College of Commerce, Arts, and Science, we are committed to providing our students with holistic education that not only equips them with academic knowledge but also prepares them for the professional world. In line with this commitment, our placement cell has been working tirelessly to create diverse opportunities for our students to kickstart their careers.

I am pleased to announce that our placement cell has forged partnerships with leading companies across various industries to bring forth internship and job opportunities for our students. These collaborations aim to provide our students with hands-on experience, invaluable insights, and networking opportunities that will enhance their employability and set them on the path to success.

Moreover, our placement cell is actively engaged in organizing skill development workshops, career counseling sessions, and mock interviews to help our students refine their skills, build confidence, and present themselves effectively to potential employers.

The success of students is our top priority, and we are dedicated to supporting them on every step of the way during their transit from the classroom to the professional world. I encourage all our students to actively engage with our placement cell, take advantage of the resources and opportunities available, and strive for excellence in the academic and professional pursuits of their interests.

Dr. Santosh Kumar
IQAC Coordinator

CONVENOR'S MESSAGE

Prof Rashmi Akhoury

"Dr. A. P. J. Abdul Kalam has rightly said, "You have to dream before your dreams can come true."

We, at Training & Placement Cell (General) consider it to be an honour and opportunity to present to you a group of young, dynamic, and energetic individuals who have been groomed to face challenges that lie ahead for them in various industries and corporate world. This is an era of technological innovations. The modern educational world is reverberating with waves of innovation all around the world. In this dynamic milieu, it is mandatory that the young minds of our country be nurtured and encouraged to be placed at the highest pinnacle of success. We establish the vital link between students and prospective employers to facilitate training and placement of students as they begin their career after graduation. We work relentlessly to ensure job placements for our students and provide them with top career opportunities. The TPO arranges campus Interviews and helps students develop leadership, art of interviewing, and communication skills and prepares them for aptitude tests. We also organize industrial visits for students-training's, seminars, conferences, and expert lectures to prepare them for opportunities that await them. Our high-quality education and efforts of the TPO office help our students dream big dreams and stay committed to realizing them. With great pleasure and honour, we invite industries and corporate houses on our campus and our students to take advantage of all TPO activities. I also express my sincere gratitude to all those organisations who have extended their active co-operation to the department in accomplishing its endeavour. It is indeed an honour to present our students to your esteemed organisations and I look forward to your cooperation in the placements of our students.

Prof. Rashmi Akhoury
Convenor, Training & Placement Cell

ABOUT THE CELL

The Placement Cell of the College of Commerce, Arts & Science is among the most active placement cells of Patliputra University, Patna. The main objective of Placement Cell is to bridge the gap between the stringent competition in the industry and the talent available in the college. The Placement Cell has always strived to identify each student's potential and has unconditionally worked to initiate programmes presenting exposure vital to hone skills and nurture talent. The Cell is a strong interlink between the students and the corporate world, ensuring that each job aspirant meets his employer. The Placement Cell works in multiple domains to fulfil the requirement of all its stakeholders. It is involved not just in placements but also in training and organising global conglomerates to nurture young talents and boost their confidence when they are ready to sit for recruitment procedures. The Placement Cell has very efficient and dynamic members who work day and night effortlessly to leave no stone unturned to ensure that each collaboration reaps the best possible outcome.

OBJECTIVES OF THE CELL

01

To maintain close liaison with industries / institutions / organisations to facilitate placements of the students

02

To arrange for all recruitment drives and other related activities.

03

To plan and organise career talks & personality development programmes.

04

To upgrade the student's skill sets commensurate with the industry's expectations

05

To generate awareness amongst the students concerning future career options.

06

To motivate and counsel students about Industry practices and improving their soft skills.

INITIATIVE OF THE CELL

Website

To ease the communication among the Training and Placement Cell, students and employers, a website is dedicated to it which is under development and will be functional by the end of June 2024.

Developing Communication Skill and CV Vetting

Since students come mostly from rural areas and Hindi medium schools, T&P COCAS arranges classes for English Communication, tutorials for CV writing. Finally, we as a team examine their CV before the employer's scheduled interview time.

Training Program

Our institution is dedicated to traditional courses, and to develop technical skills in the students, we arrange several training programs for skilling and employability by different organisations such as TCS through its Youth Employment Program, Wipro through its Integrated Learning Program and Medha Learning Foundations Certificate Program in Banking, Finance & Insurance organised by Bajaj Finserv etc.

Soft Skill Development

To increase the chance of selectivity for the job, we arrange several courses such as English-Speaking Courses, Training for Group Discussion, and Programming language such as Python, MATLAB, C++ etc.

Incubation Centre

To develop the technical skills, training and placement cell of the College has a dedicated **INCUBATION CENTRE**. The centre has MoU with Atal Incubation centre, Reviving India etc. **Reviving India** is our technical partner to run the centre at college campus.
